HARPAGOPHYTUM FOR JOINT SUPPORT

Harpagophytum, boldo, ginseng and echinacea known for their anti-inflammatory and tonic effects maintain mobility.

SUPPORTING BONE STRENGTH

High levels of minerals fight against mineral deficiency of the bones.

PREVENTION OF CELLULAR AGEING

High levels of vitamins C, B and E prevent cellular damage linked to ageing and to stimulate the immune system.

Did you know?

As horses age, they are more exposed to oxidative stress. Vitamins E and C play a key role in providing effective protection against this stress thanks to their antioxidant properties.

IMPROVE DIGESTIVE COMFORT

Fructo-oligosaccharides preserve the balance of digestive bacteria. The use of flaked barley, flaked maize and puffed barley. The cooking processes involved in producing these cereals greatly improves their digestibility.
